Time Administrators

SUBJECT: LSU Survey - ISIS HR

As previously announced in C.S. Circular 001592, dated November 30, 2004, the Information Systems and Decision Sciences Department of Louisiana State University requests your assistance as they study change management issues surrounding ERP (Enterprise Resource Planning) systems, such as ISIS HR. Clicking on the link below will take you to a web-based survey that includes questions regarding ISIS HR support, training, effectiveness, ease of use and data integrity.

This anonymous survey takes about 15 – 20 minutes to complete and ultimately will provide information to the Division of Administration and Department of State Civil Service regarding technology acceptance, user proficiency and performance expectations.
